Our service is completely free for everyone. Simply upload your file and share the link. It is also allowed to link to the download page from websites and communities. Files can be downloaded from any computer from our high speed servers. File is free to use with no gotchas and no hidden fees. If only we could, we surely would! On the other hand, using file can actually save you money. So try our free and simple filehosting service now. The cost of that data transfer is covered by your internet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Just upload the file you want to share with your friends and we send you a download link to your file. Keep your files private, or send your download links only to friends or family. Unfortunately, we can't make that part free. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your friends. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. No account or credit card is required to get started. You don't need any special software installed to be able to download your files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. We have no file size limit. This is easy, fast and reliable filehosting! Youdon't need any kind of premium-accounts. Alternatively you can choose to share your download links on blogs, forums and social networking sites. You canupload any type of file (movies, music, documents, images, zip files and more). You can give this download link to your friends by mail or instant messenger. Any file in any format can be uploaded and downloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear h
