Can it support today's ms words version More like HAD actually. The very first time I saw it, I thought it was a remote. I opened it and thought it was some high tech remote for a new plasma screen TV! Normally He cant. thats Why. Regards. Mohan. AIRTEL gprs customer care And i have seen this model with quite some people. This model has stood by its age,and it has its own charm,the feel.as i have heard users saying about this phone.<http://www.dailysundry.com/userfiles/energizer-wii-induction-charger-manual.xml>

I would like anybody to email me or post me few sites where we can get good softwares for this mobile. Sudarshan And look like a Geometri Box. Lol He he he But it does not have Gprs, only wap no bluetooth no WIFI no camera old colour res screens no poly ring tones etc the list goes on. Hope this helps. It was king in its day, years ago. I mean, its a full fledged communicator, but without a camera. The reason remains that the camera option eats up so much heap, and if someone really needs a good communicator, this particular model is the only option, it seems. I wanted 1 but could not find any except this model. And in case you want the best digital camera and best cellphone, you eventually are forced to buy a phone with camera, except this model.
